**PART 1: Review Comments**

|                                     | <b>Reviewer's comment</b>  | <b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments | This report provides us with the important information. However, the data of the patients are too little to understand. The authors should describe the amount of daily urine output, the cause of septicemia in three patients and whether case 2 had elevated level of ASO or not. |   |
| <b>Minor</b> REVISION comments      | In lane 50, what words abbreviated to GTCS ?   |   |
| <b>Optional/General</b> comments    |  |   |

**Reviewer Details:**
