

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	American Chemical Science Journal
Manuscript Number:	Ms_ACSJ_23071
Title of the Manuscript:	Compressed Stabilized Earth Block: A Green Alternative for Non-load Bearing Building Block in Developing Countries like Bangladesh
Type of the Article	Original research Articles

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The authors took into consideration almost all of my comments, but nevertheless I have four comments.</p> <ol style="list-style-type: none"> L156: The authors did not understand my question. Correct formula of the compound is: Na_3PO_3. It is necessary to remove the brackets with subscript 13. L164-165: It is necessary to eliminate the wordsagainst a concrete surface.... because it requires further specification L 166: Replace the word grounded by rubbed; remove the wordsagainst a rough concrete surface.... because it requires further specification L201: ...coresponding to EMVs.... 	<ol style="list-style-type: none"> L156. The correct formula is inserted L164-165. Correction is made in the revised manuscript L166. Correction is made in the revised manuscript L201. EMVs is replaced by 'embodied energy values' in the revised manuscript
