Editor’s Comment:

There is need for the authors to effect the correction highlighted on blue as in my last comment.

(1) Insert ‘ON’ as indicated otherwise the title will not be correct. (Effect of A on B NOT Effect of A of B) Probably confused by adopting the natural preposition for ‘Self purification potential of….’
(2) In the conclusion section, capitalize K in kudenda unless if Kudenda is not a pronoun.
(3) Okayed for publications once the noted were corrected.
