Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper requires through content and also language editing.	
Minor REVISION comments		
Optional/General comments	The paper is informative but suffers from several draw backs. The language is major impediment and the paper needs to re-written for correctly conveying what the authors wish to say. The methodology does not give any idea about the questionnaire that the authors used for collecting data. The details of data collected also are not provided. Some terms used such as "usable" is not clear what do the authors mean by that.
