PART 1: Review Comments

### Compulsory REVISION comments

1. Line 52 should be rewritten regarding household waste
2. Line 66 to 67 has grammatical errors and should be rewritten
3. The first sentence in line 71 needs rephrasing.
4. Citation is missing from Line 61 to 70
5. Line 91 to 95 has missing citations
6. Line 138 to 144 has missing citations.

### Minor REVISION comments

1. The introduction talks about general issues in waste management, but it does not talk specifically about specifics on waste management issues, environmental degradation in the state of Abia. Issues related to the state should be discussed.
2. The discussion should be elaborated in how these delivery systems can cause change in the people’s minds to break their habits.

### Optional/General comments

It is widely known that the awareness of a subject can trigger a change in perspective. The paper should address to what degree these delivery systems can be successful and what are people’s opinions on their waste management systems and exploring local policies which could be influential in bringing overall healthy development.
