Journal Name: Asian Journal of Medical Principles and Clinical Practice  
Manuscript Number: Ms_AJMPCP_38091  
Title of the Manuscript: Microalbuminuria As A Marker Of Cardiovascular Risks In Egyptian Hypertensive Patients  
Type of the Article: Original Research Article

General guideline for Peer Review process:
This journal’s peer review policy states that NO manuscript should be rejected only on the basis of ‘lack of Novelty’, provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link: (http://www.sciencedomain.org/page.php?id=sdigeneral-editorial-policy#Peer-Review-Guideline)

PART 1: Review Comments

<table>
<thead>
<tr>
<th>Reviewer's comment</th>
<th>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</th>
</tr>
</thead>
<tbody>
<tr>
<td>It would be interesting to compare the presence of microalbuminuria in patients with and without diabetes mellitus respectively, because as we know patients with DM are more likely to developed MAU. I suggest it for future studies.</td>
<td></td>
</tr>
<tr>
<td>How did you assess LVH? Based on ECG or due to echo cardio graphic assessment of left ventricular mass index. Just mention it in the text.</td>
<td></td>
</tr>
</tbody>
</table>
