PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Authors respected and reviewed most of the compulsory comments. Manuscript is now more comprehensive and explained.</p> <p>Some minor revision comments were not respected and therefore some parts of the manuscript are still confusing. It was up to author's choice to accept or decline those comments in order to make their manuscript more understandable to reader.</p> <p>There are some grammatical and writing style mistakes noted in the manuscript which should be corrected before publishing (Table 1, spaces, paragraphs not aligned, etc.). English language could be polished as well.</p>
