

SDI Review Form 1.6

Journal Name:	Asian Journal of Biology
Manuscript Number:	Ms_AJOB_34491
Title of the Manuscript:	PERFORMANCE, COMBINING ABILITY AND GENE ACTION IN SIX FABA BEAN GENOTYPES AND THEIR F2, RECIPROCAL HYBRIDS
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none"> 1. In this paper, the author studied different genotypes for mean performance, combining ability and genetic parameters but their significant discussion along with inferences with respect to their role in future breeding programme is not described appropriately. 2. The author is not adequately justifying the title of this paper through its conclusion. Title should be modified and more precise. 3. various grammatical errors are throughout the MS which needs to be improved 	
<u>Major</u> REVISION comments	<ol style="list-style-type: none"> 1. The statement given by author regarding mean sum of squares is not according to the table no. 1. 2. The author mentioned 7 quantitative traits in material and methods section of this paper but each given table consist data for only 6 traits. 3. The mean values should be accompanied with SD or SE value. 4. Why days to flowering not considered for analysis though it has been mentioned in material and methods 	
<u>Optional/General</u> comments	The paper needs to minor revision.
