

SDI Review Form 1.6

Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_36462
Title of the Manuscript:	Preliminary studies on equilibrium and kinetics of heavy metal ion sorption on immobilized Ficus asperifolia stem bark biomass
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

[SDI Review Form 1.6](#)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>I can see significant novelty in this work compared to existing literature on that same subject. The work is good with regard to clarity; its length and number of Tables are adequate. <u>Decision</u>: The manuscript is suitable for publication after minor revision. My concern is as follows:</p> <p>How do the adsorption capacities compare with values reported in the literature for alternative adsorbents? I suggest that the authors present a Table where could be compared their results with other of the literature.</p>	
Optional/General comments
