**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This is an article about antibiotic susceptibility profile of Klebsiella spp among pregnant women in Nigeria. Indeed this topic is a major matter and for this reason the article provides important information to the scientific community. Methodology is comprehensive and can be easily reproduced. The results highlight the importance of drug resistance. Physicians owe to be familiar with this epidemiology. According to my opinion this paper should be published.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
