

Editor's Comment:

I have read the manuscript entitled "Evaluation of Proportionate Combinations of Indigenous Rice Bran and Mineral Fertilizer for Improved Performance of Tomato (*Lycopersicon lycopersicum*) Under Low Fertile Soil conditions " (2017_AJSSPN_33768) and the reports done by our reviewers. Based on these reports, and my own assessment as editor, I am pleased to inform the authors that it is potentially acceptable for publication in Asian Journal of Soil Science and Plant Nutrition.
