PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> - in the title, authors mentioned NPK and FYM as abbreviations, while they used Sulphur as it is, It is better to avoid abbreviations in the title, and use some appropriate word e.g. macro-nutrients (for N,P,K,S) - Replace <i>rabi</i> with 'summer' - Recheck the sentence from line no. 12-14, not correct - also the sentence in line 15 - What is RDF in line 17?? Abbreviate first the acronyms, when used first time - Avoid using references like 'anonymous, 2015' - Describe objectives in last para of introduction - Duly provide the references for oil measurement, and also give details of the growth and yield parameters studied. - Table 1, if authors already mentioned the treatment names as T1, T2.... Then confine to that ones afterwards and use it consistently - No doubt the LSD value is mentioned, please use lettering to describe the mean differences for ease of readership - Table 2. Same as mentioned for table 1 - In methodology, please provide the details and source and percentage of nutrients in the fertilizers used (strongly recommended) 	
Minor REVISION comments	Use latest references in citations	
Optional/General comments
