### Journal Name:
Annual Research & Review in Biology

### Manuscript Number:
Ms_ARRB_33617

### Title of the Manuscript:
Correction of hemostasis physiological indices of new-born calves with iron deficit as a result of ferroglukin, polyson and cresacin application

### Type of the Article
Original Research Article

---

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of 'lack of Novelty', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

### PART 1: Review Comments

<table>
<thead>
<tr>
<th>Reviewer’s comment</th>
<th>Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</th>
</tr>
</thead>
<tbody>
<tr>
<td>The article appears Previously published in the same data with the two publications. How this is explained? What is the difference of this article?</td>
<td>The article appears Previously published in the same data with the two publications. How</td>
</tr>
</tbody>
</table>

#### Compulsory REVISION comments

#### Minor REVISION comments

#### Optional/General comments

1. *Biomedical and Pharmacology*  
   *Restoration of Physiological Activity of Platelets in New-Born Calves With Iron Deficiency*
Correction of Platelet Activity in New-Born Calves with Iron Deficit as a Result of Ferroglukin, Polyson and Cresacin

Svetlana Yuryevna Zavalishina and Ilya Nikolaevich Medvedev

Kursk Institute of social education (branch) of the Russian State social University, Russia

Submission: February 23, 2017; Published: March 03, 2017
