

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">British Journal of Applied Science &amp; Technology</a>
Manuscript Number:	Ms_BJAST_22559
Title of the Manuscript:	Safety Design of Plasma Experiment and Generation System

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>In the figure No.1 to increase the size of stars and put in the centre the letters. The figure 8 must be moved up.</p> <p>In the figure 9 and 10 to include the units in the axis x (time: h, minutes, seconds???) and y (pressure: bar, torr, mmHg. Etc.). And to correct incremental numbering 15, 20, 25, 30, 35, etc.</p> <p>Explain what happened in the time 20, the pressure increases due to cracks in both cases. How are the cracks or size of orifice opening?</p>
