

**Reviewer's comment:**

The manuscript is good.

I have a request or a petition:

Please, remark or underline that although the polypropylene is used in research in animals, in humans the experiences are horrible.....

Thank you for the modifications in the manuscript and the beautiful tables.

**Authors' feedback:**

The authors would like to thank the reviewer for his/her kind comments.

A remark on the possible devastating complications associated to the use of polypropylene mesh in the hiatus has been added to the text.

Thank you very much for evaluating our manuscript.
