**PART 1: Review Comments**

<table>
<thead>
<tr>
<th>Reviewer’s comment</th>
<th>Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</th>
</tr>
</thead>
</table>
| **Compulsory REVISION comments** | • Abstract need not be structured for a case report.  
• Abstract can be more elaborative utilizing the full limit given for abstract.  
• The age of the patient 17 years is not matching with the clinical radiographical findings.  
• Introduction part line 38: Only few cases are reported from India till now—please mention the no of cases till reported.  
• Patient’s identity should not be revealed in the clinical photographs. Name of the patient should be concealed from CT/USG pictures. | • |

**Minor REVISION comments**

**Optional/General comments**
