PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This manuscript is a well written case report. There are few remarks in its review. I suggest that Authors avoid one sentence paragraphs, as seen on Introduction and on discussion sections. Authors should mention that patient consent to the case report.	
Minor REVISION comments	Line 32: Africans – use capital letter.	
Optional/General comments
