

**EDITOR'S COMMENTS:**

I gone through corrections and finished the note. Corrections made were in RED can be retained and some more are highlighted in YELLOW needs clarification/corrections from the author. References were not in uniform and needs few changes as showed. After incorporating all suggestions can be accepted for publication.

**AUTHOR'S FEEDBACK:**

All corrections made in reds have been effected and the once in yellows have been clarified/corrected. Also the references have been rearranged so it can be uniform as suggested by the editor. Thanks
