

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Advances in Microbiology</a>
Manuscript Number:	Ms_JAMB_37372
Title of the Manuscript:	IMMUNOMODULATORY AND TOXICOLOGICAL EFFECT OF GOYA EXTRA VIRGIN OLIVE OIL IN ALBINO RAT OROGASTRICALLY DOSED WITH SALMONELLA TYPHI
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>This paper presents the interesting results of immunomodulatory and toxicological effects of Goya extra virgin olive oil in albino rat orogastrically dosed with <i>Salmonella typhi</i>. The work is well done and well discussed. However some minor corrections should be done before publication.</p> <p>Abstract should be written more precisely; the groups A, B, C and D have to be unambiguously defined. What antibiotic was used? The sentence "The total phenol content present in Goya extra virgin olive oil was 14.90" is uncorrect. It should be given "phenol derivatives" or even more precisely. Also 14.90? What about units? How rats were treated with oils and antibiotic. It should be described accurately.</p>	
<b>Optional/General</b> comments
