PART 1: Review Comments

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The comments are included in the revised manuscript. Once these comments are incorporated/addressed, the manuscript will be acceptable for publication. Although the manuscript is mostly well-written, there are characterizations and assertions made in the text that are not substantiated by supporting facts and appropriate supporting references. A scientific journal article should not read like an opinion letter to the editor of a newspaper or magazine. If a statement is a characterization, assertion, or opinion, not supported by facts and references, it must be deleted from the text.
