PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	The major problem with this manuscript is the usage of English Language. Language correction is mandatory, for example in abstract in line 12 to line 15. There are many mistakes in the manuscript, for example, in Line 105, Ct is what? There is no Ct in equation 1. The manuscript should carefully check and rewrite. The manuscript lacks characterization of self-made activated carbon.	
Optional/General comments	It is noted that 3D Surface Plot part of the manuscript needs clearly editing so that the results of the study are easier for readers to understand。	

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
