## Part 1: Review Comments

<table>
<thead>
<tr>
<th><strong>Reviewer’s comment</strong></th>
<th><strong>Author’s comment</strong> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Compulsory REVISION comments</strong></td>
<td>You should improve the lexicon of English used. For example line 115 A phytochemical should remove it and put phytochemical. As performed quantitative analysis of phytochemicals components? should add. Row 380 and 381 is repeated.</td>
</tr>
<tr>
<td><strong>Minor REVISION comments</strong></td>
<td>In the introduction you should focus on the specific studies of these compounds with similar properties and do not review all the compounds found in plant extracts.</td>
</tr>
</tbody>
</table>
