PART 1:

Journal Name:	British Journal of Pharmaceutical Research
Manuscript Number:	Ms_BJPR_32070
Title of the Manuscript:	Anti-Inflammatory activity and Insilco Approaches on root extract of Decalepis hamiltonii Wight & Arn
Type of Article:	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors did not really revise the manuscript based on the previous comments, and I can not see any statements about those comments in the last evaluation form, and those questions remain in the current manuscript. And, the manuscript still has many spelling mistakes. Therefore, it is unacceptable or please find other reviewers.
